

Digital Disbursements for Unclaimed Property

One in seven individuals in the U.S. is owed some form of unclaimed property.

For states actively working to return unclaimed property, the process of managing physical checks can be cumbersome and expensive. There can also be a high amount of fraud throughout the claim and disbursement process. Simply put, paper checks aren't worth the hassle.

Tyler's Disbursements software streamlines your agency's unclaimed property payment workflow, eliminating the problems associated with paper checks.

A Simple and Modern Solution for Claimants

Payees choose how and when they receive their funds through a variety of claim options.

Bank Transfer

Instant Bank Transfer

PayPal®

Venmo®
